

Apex Engineering Group

Apex 'Templar Shield' Filing Cabinets

Category: Security Containers

Sub Category: Filers

Description

2, 3, 4 Drawer Filing Cabinets Templar Shield.

The containers are available with any Approved high security lock and resistance against forced entry and other threats. You must inform Apex what container you require based on your organisation's threat as the construction differs for a Templar to a Templar Shield container. If not informed otherwise Apex will supply the standard approved container (Templar range). A typical Templar 4 Drawer filing Cabinet weighs approx. 122 kg. The same container with Templar Shield weighs 142 kg.

However they are available to exact customer specification, alternative widths and depths available on request.

Available in a choice of RAL colours.
