Apex 'Templar' Portable Document Box

Category: Security Containers

Sub Category: Security Boxes

Description

This portable document box is of a robust steel construction with a durable powder coat finish. The lid hinges conveniently in suitcase fashion whilst the document box is in use. It has generous capacity for A4 paperwork and will also accept A4 ring binders. Any approved high security lock will fit to the lid and is protected in use by the carrying handles on either side. The integral handles also act conveniently as spacers for stacking the document boxes vertically.

The full Templar range is available with a choice of high security locks.

The basic version of this container is a standard tested product. However they are available to exact customer specification, alternative widths and depths available on request.

Available in a choice of RAL colours.
