

Shred-it

Shred-it - Mobile destruction

Category: Secure Destruction - Service Providers

Description

Shredder Note: Not all Shred-it vehicles are fitted with the equipment necessary to meet NPSA standards and customers should request that the Shred-it vehicle be fitted with a "High security double shredder". The High security double shredder cannot yet produce waste residue to NPSA standards. However, the system has been approved based on the practical advantage offered by an on-site mobile destruction service.

Manufacturer

Manufacturer Name:	Shred-it
Post Code:	NR13 6LH
Address Line 1:	Osborne House
Address Line 2:	Wendover Road
State/County:	Norwich
