

Tindall Engineering Limited

MICO ABRYLL Range

Category: Doors, Portals, Turnstiles and Locking
Hardware

Sub Category: Locking Hardware

Description

The MICO Abryll AD & EM Range offers instant deadlocking upon door closure. Can be fitted with SATE override option which always gives the function of Single Action Panic & Emergency Escape, even if deadlocked from the external attack side. The MICO Abryll range is manufactured from full stainless-steel corrosion resistant material to meet BS EN 1670 Grade 5 classification as standard.
