

Shred-it

Shred-it - Mobile destruction

Category: Secure Destruction - Service Providers

Description

Shredder Note: Not all Shred-it vehicles are fitted with the equipment necessary to meet CPNI standards and customers should request that the Shred-it vehicle be fitted with a "High security double shredder" Ref: RSD 5818 or HSD S5818. The High security double shredder cannot yet produce waste residue to CPNI standards. However, the system has been approved based on the practical advantage offered by an on-site mobile destruction service.
